Practical activities in a small group setting aim to provide you with the skills to design and deliver equality and diversity training sessions at all levels.

Equality, Diversity and Inclusion Essentials:

This course explores attitudes and values in a safe and fair environment taking it far beyond the legislation. We look at awareness and responsibilities and the business, moral and legal case for equality.

Unconscious Bias:

Unconscious bias affects everyone, and is not easily eradicated. The training is intended to alert participants to bias that could affect decisions regarding recruitment, promotion and attitudes to others in the workplace.

Equality and Diversity in the Workplace:

This course for line managers will help delegates understand issues relating to discrimination, victimisation & harassment in the workplace and confidence to deal with them if they are alleged. It has been designed to give an overview of the legislation including the implications of getting things wrong. It will be beneficial for line managers at operational and strategic levels.

Race, Faith and Diversity:

This training course deals with managing diversity in the workplace. It is targeted at supporting staff and managers to proactively plan to meet the needs of Black, Asian and Minority Ethnic people (BAME)

Equality Impact Assessments/Equality Analysis:

This training takes delegates step by step through all the key elements of the Equality Analysis process. We assume little or no prior learning and focus on giving delegates time to ask questions and put into practice what they learn.

Disability Confident:

This one-day training course offers you an in depth understanding of disability, impairment and mental ill health. The course is suitable to people who want to increase their awareness of disability issues or gain more confidence in working with or supporting people with a disability, impairment or mental ill health.
